[Faint, illegible handwritten text]

1. The first part of the paper is devoted to a general discussion of the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system of equations (1) has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

Handwritten header text, likely a title or date, written in cursive.

Main body of handwritten text, consisting of several lines of cursive script. The text is somewhat faded and difficult to decipher.

Handwritten text block, possibly a signature or a date, located in the middle of the page.

Bottom section of handwritten text, continuing the cursive script. It appears to be a continuation of the notes or a separate entry.
